

COVID-19 IN FLORIDA

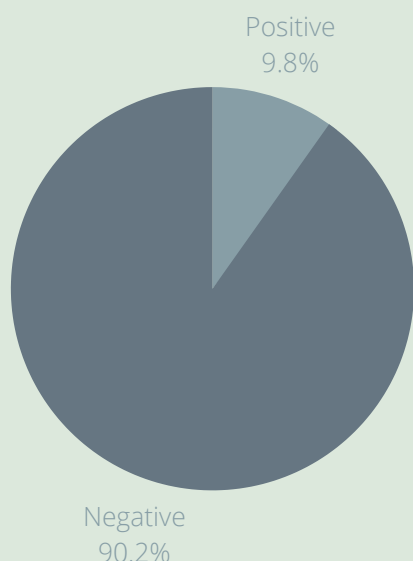

February 2021 Update

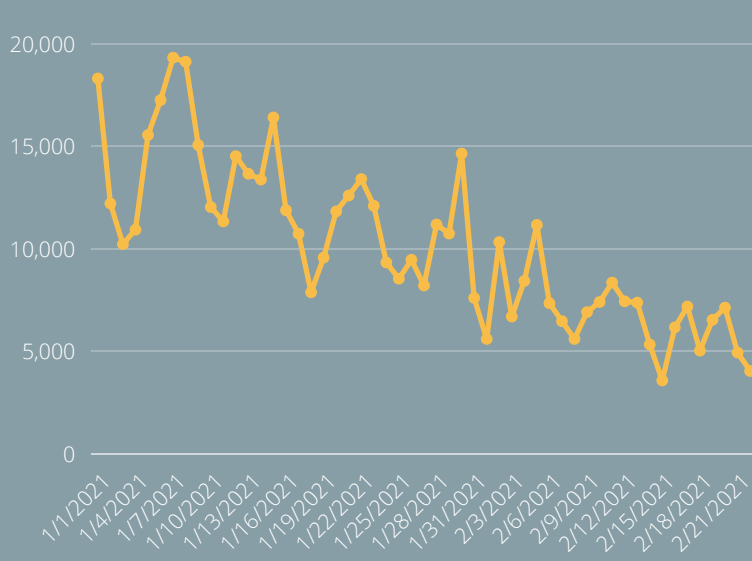

Florida has been making a lot of positive progress this year.

- Our test results have shown less than 10% positivity in 2021.
- The number of new cases is down.
- We haven't even come close to overwhelming our hospitals.
- The unemployment rate is less than half of what it was at the peak.
- And vaccines are on the way!
